

# BRINGING EVERYONE TOGETHER

Humans are funny aren't we. In times of challenge, we'll always find ways to solve problems and bounce back even stronger. Here at KDP we're social beings with lots of energy. We're also creative and innovative. So when we missed you... we went DIGITAL so that our community could connect and celebrate.

Trust us, we're just as eager as you to get 'back to business' however it's simply not possible to be 'back to business as usual' just yet.

Even as restrictions are lifted, it may be some time before everyone will feel comfortable hosting or attending larger format gatherings.

To keep our community safe (KDP Crew, party hosts and attendees) we will be offering a range of services and unlocking them in a phased approach as Government restrictions are lifted.

We have also created some policies, including our flexible cancellation processes to ensure that everyone can book a party in the future without the worry if plans need to change.

## PHASE ONE

### FULLY DIGITAL:

From *April 2020*, KDP have been hosting live stream discos via ZOOM for private parties and large group events such as school/kinder discos and digital connections. Options for audio and video for all attendees.

## PHASE TWO

### BLENDED DIGITAL:

When homes are allowed to have visiting guests. Invite your friends/family to attend the event and KDP Crew will stream live via ZOOM to facilitate a digital disco. Blended digital discos also mean guests who are unable to physically attend your event can join the fun via a live video connection.

## PHASE THREE

### FACE-TO-FACE / IN PERSON:

When homes are allowed to host up to 20 guests or venues over 10 people, KDP will host in person at your event in accordance with government guidelines including safety and hygiene protocols. Please note limits on event attendees will apply.

# DIGITAL DISCOS

30 minutes of interactive fun via Zoom

Facilitated by a KDP DJ/Entertainer (who are all teachers)

Structured with games and awesome dance moves

Shout outs and song requests

Music and interaction tailored to a range of age groups

## DIGITAL PARTY STARTER

**\$149.00 + GST**

**Perfect for both fully digital or blended digital events!**

Invite the guests to your place and get ready for our DJ to stream into your party live with 30 minutes of structured fun via your Computer/TV. Because we're live and online any guests that can't make it to your place can feel included by joining the party from the safety of their home. Video and audio enabled for all attendees.

## DIGITAL PARTY PLUS

**\$199.00 + GST**

**Perfect for blended digital events**

Digital Party Starter PLUS we'll deliver a disco party pack with a pass the parcel, disco glasses, glowsticks and stickers for all of your party guests.

*Prices exclude GST and subject to availability. Bookings require full upfront payment and cancellation fees apply.*

# SCHOOLS, LARGE GROUPS AND LARGE KINDERS

**\$225.00 + GST**

**FULLY OR BLENDED DIGITAL:**

**Host 100 to 500 participants**

Invite your whole school community to stream live with a KDP Host rocking it out to disco classics. With personalised shout outs and special messages from Mr Smith and Mrs Jones, song requests and tailored flyers or digital invites. This unique school community event will have the whole family participating and having fun. We can host a Junior Disco and Senior disco to ensure we tailor the music and interactive to each audience.

# NON-FOR PROFIT, COMMUNITY GROUPS AND SMALL KINDERS

**\$149.00 + GST**

**FULLY OR BLENDED DIGITAL:**

**Host up to 100 participants**

Want to host an event that you can invite your community or organisation to? Digital Discos are a perfect way to keep us connected whilst staying safe from the comfort of your own home.

Tailor a group for your specific audience. Here at KDP we can modify our digital events to suit participants of any age and ability. Need more or less sensory elements, visual cues or modified dance moves just let us know.

# FREQUENTLY ASKED QUESTIONS

## **We can now have 20 people over for a private gathering, can you come?**

Yes, from the 22<sup>nd</sup> of June, but there are conditions and limitations. Your home (event venue) becomes our workplace, so to protect our staff and our customers, this means that Worksafe requirements and government restrictions will be applied and adhered to by the KDP Crew, party hosts and invited guests.

## **Why can't we host a party before the 22nd of June?**

Our services are unique and do not fall under a specific category. Based on the nature of our service most likened to a physical recreation activity (including sport and exercise) we will adhere to the rules associated with indoor physical activity guidelines outlined at <https://www.dhhs.vic.gov.au/sport-and-exercise-restrictions-covid-19>

## **How many children can we invite to a party after the 22nd of June?**

By the 22<sup>nd</sup> of June, subject to the four square metre rule, you may have up to 10 people per group/activity (40 square meters required). This means you will be able to have up to 10 active participants in a room but remember to include the KDP Crew member and your child when calculating how many additional participants to invite. Physical distancing of 1.5 metres will need to also be possible. Your KDP Crew member will apply dance dots on the floor to assist with these measures.

For further information and guidelines you can review the KDP COVID-19 Safe Policy found at [www.kidsdiscos.com.au/policies](http://www.kidsdiscos.com.au/policies)

## **How about if we host the party outside?**

Yes, you may wish to host your event outside adhering to the appropriate private gathering and the sport and exercise restrictions at the time of your event. Please note your party will be subject to the usual KDP Extreme Weather Events Policy which includes cancellation fees.

## **How do I connect my computer or iPad to the TV for your fully digital or blended digital discos:**

All TVs and digital device combinations will require a different input and output. Typically you can wirelessly stream from your smart phone or table using AirPlay on a Smart TV, using Google Chromecast or Microsoft Wireless adaptors plugged into your TV. If your TV and device have a HDMI capability you can pick up a HDMI Cord and adaptor from your local computer supplier or stores such as Officeworks or JB Hi-Fi. Our team will be more than happy to consult with you prior to the event and even do a quick test in the days leading up to the party.

*Didn't find the answer to your question, we're here to help so please call us of 1300 35 65 75 or email us a [info@kidsdiscos.com.au](mailto:info@kidsdiscos.com.au).*
